Title: Method for obtaining status of web-based imaging originated processes	
Attorney Docket No.: 10007687-1	

Assistant Commissioner for Patents
Washington, D.C. 20231

RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

Dear Sir:

In response to the Notices of Non-Compliant Amendment of February 6, 2009 and February 18, 2009, Applicant files herewith a corrected claims section of the office action response previously filed on January 27, 2009. In the Notices, the USPTO noted that claims 34 and 37 were amended, but the claim identifiers for these claims incorrectly listed them as “previously presented.” Therefore, in the corrected claims section below, the claim identifiers for claims 34 and 37 now correctly denote them as “currently amended.”

Per USPTO preference, the remarks section of the previously filed office action response is not attached hereto; however, the Examiner should of course consider the arguments and remarks presented in the previously filed office action response’s remarks section when conducting further examination of the claims.

Respectfully Submitted,

Michael A. Dryja, Reg. No. 39,662
Attorney/Agent for Applicant(s)
